- 1. Apologies for Absence:**
Apologies had been received from Janet Archibald and Barbara Pointon

2. Consideration of making an application for a Local Highways Improvement Grant to facilitate traffic calming in the village and the progression of that Application.

Cllr Gough informed all present that the parish council had only become aware of the deadline for Local Highways Improvement Grants on the 11th September. At first it had been thought possible to put together an application in time for the expiration of the deadline on the 15th October. This had now been rendered impractical. The situation was largely due to the amount of consultation required to back a realistic bid. It was agreed by the parish councillors present that the application would be better pursued and scheduled for next year.

The meeting time was used to gauge the thoughts of the members of the public present on the content of any application. These were very useful and principally centred upon the control of speeding in the village. It was felt that this might involve establishing a 20 mph speed limit and signs to inform motorists of it.

A full public meeting will be convened as part of the consultation process.

There being no further business, the chairman thanked everyone for attending and the meeting ended at 8.25 pm
