

Website update

We have published the parish councillor vacancy advert together with updated messages regarding the Remembrance Service on behalf of Rev Melaniphy, in accordance with changing COVID 19 restrictions.

We have had to provide updates on the change of November meeting date following the lost internet at Heathfield which affected 3 councillors as well as the me.

This has been challenging time as I was without proper internet connection for 10 days and it has been patchy since. Carol also experienced internet issues during this time too.

We have received several valid enquiries during the past 2 months via the website link.
